

Core sectors: Residential projects

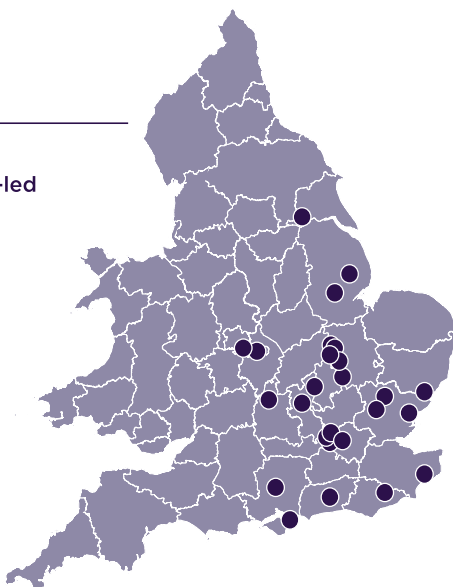

“Promoting residential sites and delivering planning permissions for our clients is a **fundamental part of the teams’ experience and ongoing workload**, ranging from 10 homes through to 2,000+ home mixed-use developments”

The UK is in the midst of a housing crisis, with a significant number of new homes needing to be delivered year on year. Our masterplanning team are experts in promoting and gaining planning permissions for residential-led developments in both greenfield and brownfield locations throughout England. We have created masterplans for sites including over 800 hectares of land supporting development of over 25,000 homes in the last two years. Therefore, we have direct experience and a proven track record of delivering successful outcomes for our clients. Our recent key projects include:

Some key projects

- Bloor Homes, 250 homes at Linton, South Cambs
- Mawle Trustees, 450 homes at Witney
- Suffolk Constabulary, Martlesham Heath, 200 homes
- Heyhill, Earls Colne, Essex, 55 homes

Our
residential-led
projects
